Non - Technical Skills

- Leadership Skills
- Team Work
- Time Management
- Communication

Languages

- Sinhala (Native)
- English

Projects

Assistive Content Management System

- Developed a website to support electronic hobbyists and foster child innovation in the IoT field. Key features include Google Authentication, search, multi-language support, a resource library, project showcases, expert blogs, an integrated shop, a forum, and an admin panel.
- Role: Full Stack Developer
- Technologies: MongoDB, Express.js, React.js, Node.js

Student Friendly Table | An IoT Solution

- Led the development of the Student Friendly Table, an IoT solution that tackles online learning challenges like power interruptions and laptop overheating. Features include hydration alerts, continuous power supply, a cooling pad, a table lamp, a study time tracker, and a stress-relieving buzz-wire game.

Extra Curricular Activities

CR Team Leader | CR Team in AIESEC OGT (February 2024 - Present)

Member | Editorial Pillar | FIT Moments (2023 - Present)

Member | IEEE WIE UOM (2023 - Present)

- Member | Design Committee | NutureNook Project 2024
- Member | Design Committee | HackElite 2024
